

Bacciottini Pit Stop D2H Speed Automatic Creaser

Price: 12000 EUR

Bacciottini Pit Stop D2H Speed Automatic Creaser

The device is ready to work.

It is the most efficient creasing and perforating system on the market, solid construction.

Made in Italy.

Vacuum feeding, non-stop with the possibility of adding material during operation.

Two independent compressors.

The distinguishing feature of the Pit Stop D2H Speed version are two independent creasing modules that allow for multiple creasing on both sides of the sheet in one pass, which is important when processing e.g. book covers. You can also perform creasing and cutting or creasing and perforation simultaneously in one pass.

Technical data:

Max sheet size: 500×700 mm

Min sheet size: 80×150 mm

Max speed (for A4 format): 11000 sheets/h

Material weight: 80-600 GSM

Max number of creases on a sheet: 100

Distance from the next creasing: 0.1 mm

Settings accuracy: 0.1 mm

Power supply: 400 V

Power consumption: 3.5 kW

Weight: 350 kg

Device dimensions: 1700x800x1200 mm

The set includes 4 tools: creasing from the bottom of the sheet, creasing from the top of the sheet, interrupted perforation, perforation for a calendar 4x4mm, 3:1.
