

Banding machine TP-601 D1

Price: 2000 EUR

Banding machine TP-601 D1

The machine is operational, ready for production.

Producer: M.J Maillis Sander

Simple controls.

An indispensable device on expeditions, for packing heavy parcels, e.g. with leaflets or catalogues.

A strip of PP tape strengthens the packaging and additionally creates a handle that allows us to easily grab and transport the package.

Adjustable tension force.

Goal size 850x600mm

Strap width 10mm

Power supply 230V

Weight 200kg
