

GBC Magnapunch Pro Perforator

Price: 1625 EUR

GBC Magnapunch Pro Perforator
Machine in very good condition, ready for production.

Description:

- Production Portugal
- Full metal housing
- Efficient power system driven by flywheel Technology that converts electrical energy into kinetic energy, allowing faster acceleration and punching
- Locking die set with built-in safety switch
- Durable, precise worm gears made of high quality carbon steel, which allow for rapid energy transfer and faster punching
- triggering the machine from the foot pedal.

Technical parameters:

Max. length of perforated material: 356 mm

Max. thickness of perforated material: 3.4 mm (up to 34 sheets)

Dimensions: 47 x 50 x 27 cm

Power supply: 230 V / 50 Hz

Net weight: 50 kg

Scale: 2:1, 3:1 (depending on the type of installed strip)

The set includes a tool with a round hole 2:1 and 3:1
