

## **Hang 115 G 3P Punching and eyeletting machine of the back eyelet**

**Price: 4760 EUR**

Hang 115 G 3P Punching and eyeletting machine of the back eyelet

Producer: Hang Germany

Very good condition, after the review.

The machine is used for crimping eyelets on the back of a binder (Griffloch)

Separate punching and eyelet tools punch holes and align eyelets with a single stroke in a fast, cam-driven sequence of movements

Easy to replace, automatic eyelet guide

Weight 340 kg

380V power supply
