

Morgana Auto Creaser PRO 50 automatic creasing machine

Price: 7600 EUR

Morgana Auto Creaser PRO 50 automatic creasing machine

The device is fully functional and ready to work.

It is the most efficient creasing system on the market, solid construction.

Production: England.

Vacuum feeding, non-stop, with the option of adding material during operation.

Built-in compressor

The set includes an instruction manual.

Manufacturer's description:

MORGANA AUTOCREASER 50 PRO is one of the most popular automatic creasing machines in the world, produced by the English company Morgana Systems Ltd. The machine enables strip creasing, line perforation, microfroation and fragmentary perforation.

The 7" color Smart Screen programmer enables very easy programming of the machine

Working width up to 500 mm

Capacity up to 8,500 sheets/h (A4), 11,000 sheets/h (A5)

Paper feeding using a vacuum cylinder

Possibility to program up to 16 bigs in one paper pass, unlimited number of programs

Enables creasing of paper with a weight of 0.11-0.4 mm (approx. 80-400 g/m²)

Possibility to install additional perforating discs - 20, 28, 56 or 90 teeth

Technical parameters:

Maximum format (width/length) 500 x 700 mm

Minimum format 140 x 210 mm

Maximum grammage 0.4 mm (approx. 400 gsm) including laminated material

Minimum grammage 0.11 mm

Maximum number of bigs in one pass 16

Number of alphanumeric programs, unlimited

Productivity 8,500 sheets/h (A4-1 large), 11,000 sheets/h (A5-1 large)

Perforating disc 1 pc. standard

Min. distance of the hook from the front edge 2.5 mm

Min. distance of the hook from the rear edge 35 mm

Minimum distance between creases 1 mm

Machine dimensions (L x W x H) 1500 x 682 x 1224 mm

Net weight 156 kg

Power supply 230V, 50 Hz
