

## **Morgana DigiFold Pro automatic creasing and folding machine**

**Price: 8570 EUR**

Morgana DigiFold Pro automatic creasing and folding machine

It is the most efficient creasing and folding system on the market, solid construction.

Production: England.

Vacuum feeding, non-stop, with the option of adding material during operation.

Built-in compressor

Description:

Morgana DigiFold Pro is an integrated device that performs strip creasing and then folding of paper and cardboard sheets (up to 400gsm) at any position on the sheet. The design of the machine prevents sheets from breaking. Possible uses of the device: - creasing and folding in one pass - only creasing - only perforation along the sheet

Technical data:

Max sheet size: 385×700 mm

Min sheet size: 140×210mm

Max speed (for A4 format): 6000 sheets/h

Material weight: 0.11-0.4mm

Max number of bigs on a sheet: 9

Max number of columns on a sheet: 2

Distance from the next biga: 40 mm

Distance from the next column: 70 mm

Setting accuracy: 0.1 mm

Power supply: 230 V

Power consumption: 2.6 kW

Weight: 190 kg

Device dimensions: 2020 mm x 680 mm x 1265 mm
