

Nagel Citoborma 490 Paper Drill

Price: 4250 EUR

Nagel Citoborma 490 Paper Drill

This is the largest currently produced Citoborma drill model.

Very good condition, ready for production.

The machine has 4 drilling heads.

The waste after drilling is directed to the basket located at the back of the machine.

The machine is operated using a foot pedal or two-handedly using buttons.

Each head has a separate up/down adjustment, which allows the use of drills of different lengths.

The set includes spare drills, tools, and an instruction manual.

Technical data:

Number of drilling heads in total 4 (possibility of quick disassembly of each head)

Max. stack height: 60mm

Drill size: 2-10 mm

Adjustable spacing in the range: 45 - 425mm

Two drilling speeds

380V power supply

Weight 365kg
