

## Perfecta 168 TS paper guillotine

**Price: 41250 EUR**

Perfecta 168 TS paper guillotine

The machine is in very good condition and ready for production.

Year of manufacture: 2010.

Available immediately from stock.

The guillotine can be used as a standalone unit or integrated into cutting systems. Program creation is handled via the menu and covers a wide range of cutting tasks, such as single cuts, custom programming, multiple cuts, clamping without cutting, and automatic transfer of actual values.

Perfecta premium-class paper cutters are manufactured in Bautzen, Germany.

Distinguishing features of Perfecta machines:

- Interactive user interface
- 18.4" touchscreen
- USB interface
- Ethernet interface
- Windows CE operating system
- CIP data module
- Positioning via an electronic handwheel
- Optimized cutting cycle
- Programmable clamp pressure
- Automatic adjustment of clamp pressure based on cutting width
- Automated front-access knife change
- Quick-change knife system
- New, single-piece cast machine frame for increased stability
- Maintenance-free electromagnetic clutch
