

## **Renz DTP 340M Perforator**

**Price: 1625 EUR**

Renz DTP 340M Perforator

The machine is in very good condition, ready for production.

Includes a Renz PBS 340 for mounting fixtures in plastic, and a waste container.

Electric perforation device for closed spirals, screw-in spirals, or plastic spines from the German company RENZ:

- Device for perforating paper, cardboard, or PVC with a working width of 340 mm, operated by a foot pedal
- Perforates up to 35 sheets in a single cycle (depending on the module)
- Quick and easy strip replacement
- Can be equipped with strips with square, round, and oval holes in various sizes
- Can be used with strips with a recess for hanging
- All perforation strips for closed spirals are equipped with an individual needle shut-off option as standard, without having to remove the strip from the device
- Can be connected to the WBS 360 manual clamping module

Technical parameters:

Maximum perforated material length: 340 mm

Maximum perforated material thickness: 3.5 mm (up to 35 sheets)

Dimensions: 36 x 49 x 25 cm

Power supply: 230 V / 50 Hz

Net weight: 40 kg

Pitch: 2:1, 3:1 (depending on the type of strip installed)

The set includes a tool for a 5.5 x 3.5 mm 2:1 plastic socket.
