

SCHULZE Cap Press heat transfer press

Price: 600 EUR

SCHULZE Cap Press heat transfer press

The device is in perfect condition, very little used.

One of the best press manufacturers on the market, manufactured in Poland.

The SCHULZE Cap Press transfer press is an automatic press designed for printing on caps. The press includes NEW ROM 25 electronics with a color display with the ability to program temperature and time on the display. The press is equipped with an automatic opening mechanism after the heating time has elapsed.

Technical data:

external dimensions (width x depth x height) 42 x 18 x 65 cm

transport dimensions (width x depth x height) 51 x 31 x 54 cm

weight 15 kg

transport weight 16 kg

working surface 8 x 16 cm

supply voltage 230 VAC

current protection 6 A

power 300 W

max. pressure 300 kg

warm-up time approx. 10 min.

max. thickness of the welded material 2 cm

temperature range 0 ÷ 220°C

heating time 1 sec - 99 min. 59 sec.
