

## Strapping machine Strapack RQ-8

**Price: 1785 EUR**

Strapping machine Strapack RQ-8

The machine is operational, ready for production.

Manufacturer: Strapack Corp, Japan.

The machine is built with the best components.

Simple controls.

An indispensable device on expeditions, for packing heavy parcels, e.g. with leaflets or catalogues.

A strip of PP tape strengthens the packaging and additionally creates a handle that allows us to easily grab and transport the package.

Adjustable tension force.

Power supply 230V

Weight 200kg
