

Topy Aspo Label 300 paper roll turner

Price: 8800 EUR

Topy Aspo Label 300 paper roll turner on a self-propelled trolley
The device is like new, fully functional, ready to work.

The machine grabs a roll placed vertically on a pallet, rotates it and places it horizontally on the floor or pallet - and vice versa.

The roll is gripped and held by a pin that is inserted into the roll core which, when inserted, expands to hold the roll securely and firmly.

Year of production 2016.

Technical data:

The maximum load capacity of the rotator is 300 kg

Hydraulic roll catching system

Maximum roll diameter 1160 mm

Minimum roll diameter 420 mm

Maximum lifting height 2035mm

The weight of the device is 450 kg

Low mileage.

Battery charger included.

Control from the desktop, fast work, hydraulic drive.

Quiet operation.

Compact design, takes up little space.
