

## Adast Maxima MS 58S Guillotine

**Price: 3000 EUR**

Adast Maxima MS 58S Guillotine

The machine is fully operational, in excellent technical and visual condition. It has just been serviced. The set includes a spare knife, cutting stick, paper stacker, and tools.

Technical specifications:

Working width: 580mm

Stack height: 85mm

Power supply: 380V

Weight: 450kg

All key components are made of cast iron, including a flywheel and adjustable pressure force - this is a professional production guillotine in a compact design.

Electronic approach controller, cutting line, and safety guards.
