

Baier Geba Hot Stamping Press

Price: 7000 EUR

Baier Geba Hot Stamping Press

This machine is in very good condition and ready to use.

This machine is from the popular hot stamping manufacturer Gebrüder Baier KG, manufactured in Germany.

Description

The Baier Geba hot stamping press is a press for hot stamping, embossing, and die-cutting paper and plastics. It's a useful device in any advertising agency or digital printing house.

The manually operated pressure is powered by only 230V. A powerful pressure with adjustable pressure ensures repeatability and very high pressure of the die against the material.

The machine features a worktop with a slide-out function, adjustable embossing depth, and a heating plate with a thermostat.

Specifications:

Heating temperature control

Heating plate pressure mechanism: mechanical

Press force: 5000 kg

Power consumption: 9000 W

Power supply: 230 V

Machine weight: 300 kg

Plate size: 32 x 21 cm.
