

Bourg Binder BB 3002 Perfect Binder

Price: 14250 EUR

Bourg Binder BB 3002 Perfect Binder
Machine in very good condition, ready to work.

Manufacturer's description:

Automated softcover machine. All parameters are measured automatically, so there is no need for manual data entry

Productivity up to 650 cycles per hour

Hot Melt glue gluing

Control panel with 12-inch touch screen to control all functions

Production of all standard cover sizes and more (100 x 100 mm to 385 x 380 mm)

Cover creasing is precise and automatic thanks to tool-free configuration

13 creasing lines up/down (using a strip) ensure the highest quality, by avoiding surface damage and cover cracks. It also allows for the production of covers from the so-called „wings” (wings are not folded inside the cover automatically)

Integrated double cover pick-up sensor

Possibility of gluing blocks - with or without a cover

The set includes documentation, waste extraction.
