

EKH-455 Shrink Wrapping machine

Price: 1375 EUR

EKH-455 Shrink Wrapping machine

Machine ready to use.

Photos show the actual product.

Description:

The main advantages of shrink wrappers include simultaneous sealing and shrinking, small dimensions, and easy portability. They are an ideal solution for shops, bakeries, warehouses, archives, bookstores, etc. They offer adjustable sealing time and heater temperature, and can also shrink PVC and polyolefin films.
