

Fastbind FotoMount F32

Price: 715 EUR

Fastbind FotoMount F32

The device is practically new, it was used for shows in the showroom.
The set includes additional magnetic margins.

Description:

Fastbind FotoMount F32 is an exclusive device for creating photo albums, based on the innovative Mountinglift™ system (patented system)

Thanks to the extremely precise Mountinglift™ system, making professional and exclusive photo books is easier and faster than ever before.

The small size of the device and its technical possibilities ensure flexibility and professional effect of the luminaire, so far available only with the use of much more expensive solutions.

Device for editing photo albums „on demand”

Lets you bind photo & digital paper
