

## **GMP Surelam-Pro 500D Roll Laminator**

**Price: 1375 EUR**

GMP Surelam-Pro 500D Roll Laminator  
Production-ready,  
This high-quality machine is manufactured in Korea.

### Description:

The GMP SURELAM laminator is a professional roll laminator with a working width of 500 mm. This laminator is ideal for a small printing company, advertising agency, or office.

This device allows us to laminate a variety of materials thanks to independent heating control of the upper and lower rollers. Electronic lamination process control and two operating modes: manual and automatic, make working with this machine easy and enjoyable, and ensures laminations are always of the highest quality.

The laminator offers single- or double-sided lamination options. Includes laminating pouch
