

Heidelberg GTP Hot Stamping Machine

Price: 10000 EUR

Heidelberg GTP Hot Stamping Machine

Reviewed and ready for production.

The machine is factory-prepared for hot stamping.

Reinforced compared to machines designed for printing.

Machine format: 32x46cm

Pressing force: 60t

Weight: 600gsm

Operating speed: 4000 sheets/h

This is a GTP model adapted for hot stamping, with a large heating plate.

3 foil feeds

Weight: 2300kg

This is one of the newer models.

Includes frame, spare parts, fillers, and letterpress locks.

A very rare machine on the market.
