

Horizon AF-406A Pharmaceutical Folding Machine

Price: 18750 EUR

Horizon AF-406A Pharmaceutical Folding Machine

Fully operational, ready for production.

Machine from the first owner - City Hall.

Very good condition.

Manufactured by Horizon, Japan

Fully automatic machine with control panel setup, designed for handling pharmaceutical leaflets thanks to its low minimum fold and large number of cassettes.

Equipment:

6 parallel cassettes

StarLift vacuum head.

Maximum format: 400 x 650 mm; minimum: 50 x 100 mm.

The machine is set up entirely from a touchscreen control panel.

The kit includes:

- SCV-406 mobile delivery unit
- tool kit
- additional components
- user manual
- Becker compressor
