

Horizon PF P-330 Folding Machine with Base

Price: 3000 EUR

Horizon PF P-330 Folding Machine with Base

The machine is in very good condition and 100% functional.

This folding machine is ideal for digital printing. Quick and easy to set up - automatic cassette adjustments and paper size detection. A huge advantage is the vacuum feed - a compressor is included.

The machine handles all types of paper perfectly.

Made in Japan.

Technical specifications:

Minimum format: 125 x 130 mm

Maximum format: 310 x 432 mm

Paper weight: 40 to 180 g/m²

Infeed stack height: 50 mm

Six folding options: half-fold, quarter-fold, Z-fold, C-fold, altar-fold, etc.

Folding speed: 200 sheets/min per hour, 12,000 sheets/h

Dimensions: 1060 x 553 x 670 mm

Weight: 45 kg

Power supply: 230V

The machine includes: an external compressor in a sound-absorbing enclosure, an instruction manual, and a large-format accessory.
