

Ideal 7228-95 EC3 paper cutting guillotine

Price: 4760 EUR

Ideal 7228-95 EC3 paper cutting guillotine

The machine has a cutting width of 720 mm, stack height of 80 mm, is equipped with an EC3 programmer and SICK photo barriers. The set includes a pressure strip, a spare knife, a new column, operating tools, documentation, a paper stack tapping block, and elements for replacing the knife.

Precise description:

- electromechanical knife drive
- electromechanical pressure
- illuminated cutting line
- mechanical foot pedal for pressure measurement
- rear saddle driven by a stepper motor, large range of rotational adjustment
- solid knife beam, heat-treated
- blade made of high-quality HSS steel
- convenient adjustment of cutting depth
- pressure force adjustment

EC3 control module:

- saving individual cutting steps into programs
- keyboard for programming dimensions consisting of 10 keys
- electronic, digital display with an accuracy of 1/10 mm
- electronic knob with smooth rotation adjustment allowing for precise positioning of the saddle
- „Forward” and „Back” buttons to quickly move the saddle
- “ejection” function of already cut material
- calculator function
