

Impress HM 4 Hot Stamping Press

Price: 2500 EUR

Impress HM 4 Hot Stamping Press

This machine is in very good condition and ready to use.

This machine is from the popular Impress hot stamping machine manufacturer, manufactured in the UK.

Description

The Impress hot stamping press is a hot stamping and embossing press for paper and plastics. It's a useful device in any advertising agency or digital printing house. The manual press is powered by only 230V. A powerful press with adjustable pressure ensures repeatability and very high pressure between the die and the material.

The machine features a worktop with a slide-out function, adjustable embossing depth, a heating plate with a thermostat, and an automatic foil feed.

Specifications:

Heating temperature control via thermostat

Heating plate pressure mechanism: mechanical

Press force: 1000 kg

Power consumption: 500 W

Power supply: 230 V

Machine weight: 50 kg

Plate size: 150 x 150 mm.
