

Nagel Citoborma 290B Paper Drill

Price: 1850 EUR

Nagel Citoborma 290B Paper Drill

The device is 100% functional. Very good condition, practically a new machine.

Solid construction - weight 70kg. This is the currently produced model of the Citoborma drill.

380V power supply.

Two drilling heads with adjustable spacing in the range of 45-170mm

Drill diameter 2-20 mm.

Stack height 60 mm.

Controlled by a hand lever.

Waste directed to the external sleeve.

The drill table is adjustable in every plane (sides, front/back), has limiters for setting the drilling spacing (non-standard drilling), additionally a special module for standard spacing is installed in the table.

What's more, the table has two movable margins.

The drill has an automatically released table lock after each cycle. Which allows you to move the table to the next position.

The set includes drills, tools, and instructions.
