

Nagel Citoborma 490 Paper Drill

Price: 4500 EUR

Nagel Citoborma 490 Paper Drill

This is the largest Citoborma drill currently in production.

Very good condition, ready for production.

The machine has 4 drilling heads.

Drilling waste is discharged into a basket located at the rear of the machine.

The machine is operated using a foot pedal or two-handed buttons.

Each head has a separate up/down adjustment, allowing for the use of drill bits of different lengths.

The set includes spare drill bits, tools, and an instruction manual.

Technical specifications:

Number of drilling heads: 4 (each head can be quickly removed)

Maximum stack height: 60 mm

Drill bit size: 2-10 mm

Adjustable spacing: 45 - 425 mm

Two drilling speeds

380V power supply

Weight: 365 kg

Made in Germany.
