

## **Renz Autobind AB 700 + KAS 500 Semi-Automatic Spiral Binding Machine**

**Price: 20000 EUR**

Renz Autobind AB 700 + KAS 500 Semi-Automatic Spiral Binding Machine  
Machine in very good condition, ready to operate.

Efficient semi-automatic machine for the production of calendars, notebooks, and other metal spiral-bound products.

Fast operation

Spin diameters range from 3/16" to 1 1/8"

Working width up to 700 mm

Crimping thickness approx. 23 mm

Capacity up to 1200 cycles/hour

The semi-automatic machine unwinds the spiral from the spool, counts the stitches, cuts the spiral to the pre-set stitch count, and transfers the spiral section to the crimping area.

The operator places the pre-perforated calendar on the table.

The calendar is automatically transferred to the crimping area by pressing the pedal.

Includes a KAS 500 hanger feeder

Power supply: 230V + compressed air

Weight: 615 kg.
