

Renz Autopunch AP 360 V4 Automatic Perforator

Price: 20000 EUR

Renz Autopunch AP 360 V4 Automatic Perforator

The machine is in very good condition.

Manufactured in 2014.

Includes a 3:1 perforation tool, a round hole, and a cutout for the hanger.

Manufacturer's description:

Perforation machine with a working width of up to 360 mm

Designed for continuous operation and heavy loads

The unique „Two-finger” system ensures perfect reception of sheets of varying weights

Two-shelf platen feeder enables continuous operation

After perforation, the sheets rotate around a special drum, maintaining the correct page sequence at the receiving station.

Option to use two-piece perforation strips, enabling the perforation of both books and calendars.

Perforation up to 2.4 mm in a single cycle.

Quick and easy replacement of perforation strips.

Option to use strips with or without a cutout for the hanger. Quick format changes by disabling selected needles without having to remove the bar.

A jogging device is located on the delivery.

230V power supply

Weight: 720 kg
