

Rilecart R-500 Semi-Automatic Spiral Binding Machine

Price: 8000 EUR

Rilecart R-500 Semi-Automatic Spiral Binding Machine

Efficient semi-automatic machine for producing calendars, notebooks, and other metal spiral-bound products.

The machine automatically feeds the spiral, cuts the spiral into pre-defined sections, inserts the hanger, and clamps the binding.

Maximum binding width: 500 mm; minimum: 50 mm

Automatic hanger loading and installation

Capacity: up to 1500 cycles/h

Power supply: 230V + compressed air

Made in Italy.

Weight: 450 kg
