

## **Schmedt PraCut 6501 Notching Machine**

**Price: 2750 EUR**

Schmedt PraCut 6501 Notching Machine

Very good condition, ready to work.

A machine for cutting the spine to increase the area of glue application and to cut the spine fold. This makes the block much more durable and binding becomes faster.

Manufactured by Schmedt, Germany.

Technical data:

Book block thickness: up to 90 mm

Book block height: up to 350 mm

Requires air supply

Power supply: three-phase 380V

Productivity: about 250-350 pieces per hour.
